bLine Program - 2010

EXPRESSION OF INTEREST

I wish to express interest in my child being included in the **bLine** Program if there are sufficient students to make a full class. I understand that in the event of more requests than places available that there will be a waiting list based on the order in which applications are received. I understand that it is Brauer College's intention to run one **bLine** class only with a maximum of 25 students in 2010.

I acknowledge that there will be certain conditions to be met if the program is introduced, and I reserve the right to withdraw this expression of interest if I do not agree with these conditions.
